

TREE SURGEONS OF THE YEAR

Forester Tree Care Ltd

Forester Tree Care is a family-owned tree surgeon business based in Egham. The expert provides a top class, end-to-end service to residential and commercial customers across Surrey, Berkshire and many of their surrounding areas. Offering competitive rates and a team of specialists, the tree surgeon provides a reliable, personalised, and customer-centric service that's as professional as it is cost effective. The comprehensive range of services include essential pruning practices and hedge trimming to tidy the shape while reducing height and length; pollarding to reduce long lateral growth of a tree's root structure; felling; dead wooding; and stump grinding. For every tree felled or medium to large stump removal that Forester Tree Care completes, it offers a tree and replanting service free of charge from a Tree Charity it supports.

The judges were impressed by the strong expertise and customer-orientated nature of Forester Tree Care's team. The expert's ability to listen to its customers and transform their vision into a reality has prompted a breadth of online testimonials, which highlight the team's knowledge and professionalism. The tree surgeons can offer valuable insights into preservation and sustainable practices, helping their customers to make informed decisions about the best approach for their own trees.
